

The Tutorial outlines the basic of viewing the virtual tour

- 1) Thumbnail Option : The Thumbnail option shows all the Panoramas and still images which can be viewed in this tour. You can click on any image and it will take you to that particular area of The Waterfront.
- 2) On Image Link : The On Image Link option shows you the area which can be viewed next. Once you scroll the mouse over the link the name of the next location is mentioned. The option is useful if you are viewing the Virtual Tour by clicking the " Full Screen Option " which is option 5. To come back to the normal view, right click on the image and select "exit full screen".
- 3) Floor Plan Option : On the Floor plan you could see link displayed. Scroll the mouse on the floor plan links as shown on the diagram and it will show you the name of the location. Once you click the option on the floor plan it will also show you in which direction the tour is moving in relation to the image. Below the floor plan is the option to view the ground floor, basement or the apartment as shown option 6. You can move within the floor plans by clicking the option 6.
- 4) Text Box : By clicking the text box option you will find the entire list of location which can be viewed in the tour along with respective area specification and details.

Besides this, all the options mentioned above have been Synchronized with each other by which the entire tour becomes a wonderful experience to the exclusive living spaces by the Marina, The Waterfront.

Interactivity:

To make this virtual tour more interactive there are two options.

- 1) Zoom Function: If you would like to zoom on the section that you are watching, you can click on the image and press the zoom button to either zoom in or zoom out, as shown in diagram, option 7
- 2) 3 Dimensional view: Click and drag the mouse to view the selected section from ceiling to floor. This option is for the following sections only
 - ◆ Waterfront Exterior
 - ◆ Grand Lobby
 - ◆ Jacuzzi outdoor
 - ◆ Jacuzzi
 - ◆ Pool Table
 - ◆ Banquet Hall
 - ◆ Squash Room
 - ◆ Living Room
 - ◆ Balcony
 - ◆ Kitchen
 - ◆ Children's Room
 - ◆ Master Bedroom

Note: It requires Java Virtual Machine to view the virtual tours. Please make sure you have installed Microsoft JVM or Sun Java before viewing.
